

Verde Valley Fire District

Fire Protection Services Agreement Estimate Worksheet

Property owners outside the boundaries of the Verde Valley Fire District may apply for a Fire Protection Services Agreement. This Out of District Fire Protection Services Agreement would allow the District to provide fire/emergency services to you on a contractual basis. The annual cost for this Agreement is the amount of your property taxes as calculated if your property was in District boundaries plus a 10% administrative fee.

Your property assessment and tax information can be found at [Interactive Map \(yavapai.gov\)](http://yavapai.gov/interactive-map).

Assessed Limited Property Value or Assessed LPV _____

Assess LPV is the assessment ratio or percentage (10% for Residential, 15% for Vacant Land and 17.5 for Commercial) of the Limited Property Value or Limited Value (Primary) of your property assessment or evaluation.

Divided by 100

X

Our most current tax levy for the Verde Valley Fire District is \$3.21

The Verde Valley Fire tax is \$3.21 per \$100 of the Assessed LPV, note the division by 100 above

X

Ten percent (10%) or 1.10 (Administrative fee)

Your Estimated Verde Valley Fire District Fire Protection Services Agreement for one year

You will see a separate line item on your Tax Statement for a Fire District Assistance Tax. This is a separate tax from your Verde Valley Fire Tax. The Fire District Assistance Tax is a county wide (statewide) tax levied by the County Board of Supervisors to supplement the local fire districts tax levies for community fire districts. The Verde Valley Fire District receives about \$464,313 from Yavapai County. The proceeds of the distributions from this tax are used to fund pension programs for volunteer and paid firefighters.

Transport to the hospital by ambulance is billed separately as required and regulated by the Arizona Department of Health.
